

Module Bonding Trays 3D: Revision 3.2.169

Trim Line Initialization

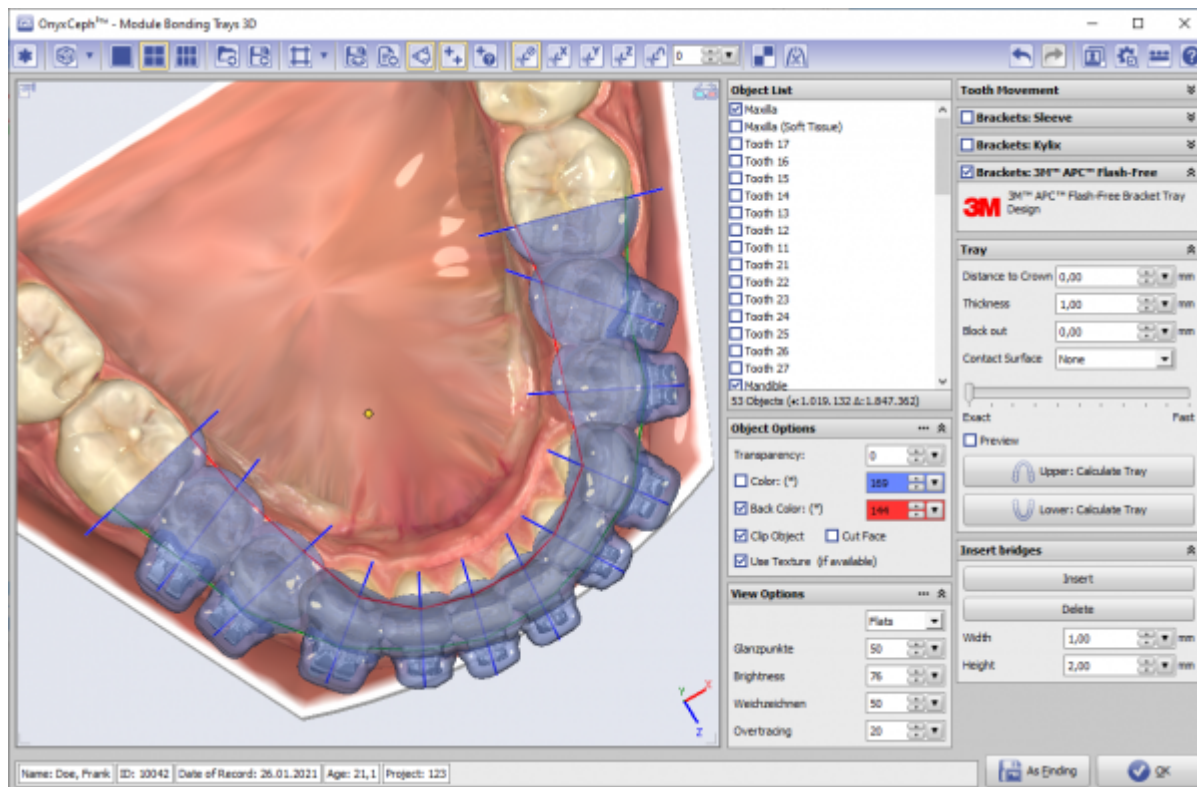

There have been some modifications for the initial inner IBT trim line in releases >3.2.157

1. Improved initialization of inner IBT boundary curve
2. Endpoints added after most distal brackets

3M™ IBT Option

In collaboration with 3M™, an IBT design option specifically tailored to APC™ Flash-Free™ Brackets was developed, integrated and tested in the Bonding Trays Module.
