Licensing

End Unser License Agreement (EULA)

The end user needs to confirm the End User License Agreement displayed below **before** he installs the software in the initial trial mode and **before** he activates or re-activates the software in any of the available program versions.
This makes sure that the end user can acknowledge the terms of the license before he purchases the software and pays for the license. The End User License Agreement is part of the following documents:

- Technical Documentation of the Quality Ensurance Manual (in German, in-house only)
- Server setup process
- Software manual (in capture *Characteristics*)
- Registration program OnyxRegister (on tab *Step 3*)
- Invoice form (2nd page)

If German is selected for the GUI language, the German language translation of the EULA is used, for any other language setting, it is the English languale translation of the EULA.

End User License Agreement (EULA)

Licensing Details
